

## Simplify Asset Management to Keep Operations Running Smoothly

Always Know the Status of Your Trucks, Apparatus, Equipment,  
Hydrants and Inventory with the Check It Mobile App

### **FLEET** Keep Your Trucks in Service

- Easily perform truck checks with the mobile app and keep everyone up-to-date.
- Communicate across shifts and stations with overdue checks, open work orders and expiring item.

### **STATION EQUIPMENT** Maintain Your Equipment in Working Order

- Ensure safety and compliance with customizable PPE, SCBA, ladder and hose inspections and notifications.
- Track the condition and location of all assets across your department.

### **STATION INVENTORY** Simplify Inventory and Storeroom Logistics

- Track costs and quantities in your stock to prevent over-ordering and loss.
- Easily modify compartment based on your current inventory of medical supplies, drugs and tools.

### **CONTROLLED SUBSTANCES** Ensure Compliance with the DEA

- Maintain full compliance by requiring tracking of seal numbers and signatures upon completion of checks.
- Instant access to the status and location of every controlled substance in your inventory.

**Check It helps you manage everything in your department, so pricing is based on:**

Number of Stations

Number of Apparatus

Drug Safes / Boxes
